Who Is Robin Robins?

Robin is the author of the Technology Marketing Toolkit and Million-Dollar Managed Services Blueprint. To date, over 10,000 IT business owners across the US and in 23 different countries have learned and implemented the marketing systems she has developed to create hundreds of millions of dollars in NEW sales, NEW opportunities and NEW revenue streams for their business.

Robin Robins

Founder And Author,
Technology Marketing Toolkit, LLC

Join Us And Other Leading Experts

Technology Marketing Toolkit invites you to join us in Dallas, TX, April 7–9, 2026, at the Hilton Anatole, for our 19th Annual Boot Camp – the only event focused on teaching MSPs, MSSPs, VARs and IT consultants how to grow their business through sales and marketing.

There is no industry conference that matches the caliber, content or value available in three days. No boring speakers or subjects at this event: everything is staged to educate, motivate and equip IT business owners to make 2026 their best ever and continue to grow their business.

Our live event typically attracts about 1,200 attendees and an additional 2,000+ will attend the virtual event. The attendees are the owners/CEOs of IT service firms and firms that sell outsourced IT services and support, phone systems, computer hardware, cloud computing, cyber security solutions and managed services. The audience is made up of our clients who have enrolled in the Technology Marketing Toolkit program and are members of our high-performing Mastermind group (the largest in the IT world). What makes these partners unique is their willingness to invest time and money in marketing, sales and GROWTH.

How To Gain Access To Our Clients

What Is Boot Camp?

Over 1,200 of the most successful, fastest-growing IT business owners in the world will fly in and another 2,000+ will watch online via our Big Red Virtual events platform, to invest three days into learning how to become better marketers, grow their business, acquire more clients and substantially increase their bottom line. These decision makers will have paid up to \$2,297 to attend and are highly motivated to increase sales. Unlike other IT conferences, where most of the speakers are technicians, this conference features only business topics focused on helping our clients increase their personal wealth and business success.

Who Should Sponsor This Event?

- ✓ IT channel companies who want to get in front of HUNDREDS of quality prospects! Last year's event attracted over 3,000 attendees (in-person + virtual platform), and we anticipate even more this year!

That's a REAL number of prospects, not an inflated number made up of other sponsors, our staff and non-prospects.

- ✓ Companies who want to engage with BETTER quality MSP and IT business owners who KNOW how to market and sell. Unlike the vast majority, who are whiners and complainers, our clients actually have invested a lot of time and effort into growing their business.

"Boot Camp Is A Terrific Opportunity And A Great Lead Source"

"We have been coming to TMT events for years now; they are a terrific opportunity for us to talk with MSPs, and they are a great lead source. Their events are attended by a very cohesive and passionate group of MSPs who are very willing to help. As a result, the sponsoring is always great for Beachhead and Simply Secure."

– Cam Roberson, Beachhead Solutions

"We Always Add More Partners At Each Event We Sponsor"

"Choosing the right events isn't about foot traffic - it's about getting in front of MSPs who actually move the needle. Big Red Media gets that. Every time we sponsor with them, we're not guessing - we're getting access to serious, growth-minded MSPs ready to engage. Their team doesn't just deliver events - they deliver results."

– Matt Solomon, Channel Program

Top 5 Reasons Why You'll Want To Partner With Big Red Media

1

You'll gain access to a UNIQUE and influential group of IT services CEOs (MSSPs, VARs, IT consultants).

They are the MOST INFLUENTIAL resellers of IT services, hardware, software and communication systems, acting as the IT departments for hundreds of thousands of small to midsize businesses from around the world. If your company sells any kind of technology solution to small-medium businesses (SMBs), you need to work with our members!

2

You'll get the HIGHEST ROI from our events and services over any other company in the MSP industry.

That's because our IT services CEO members are serious about growth and have invested serious time and money into marketing, sales and expanding the IT services offerings to their clients. They are ALWAYS eager to discover new tools, software and technology solutions they can resell and recommend to their clients.

3

You will be assisted by one of our VP Level sponsorship consultants who are dedicated to your success

and who will offer strategies to maximize your sponsorship investment, build brand recognition and generate a solid return on your marketing investment.

4

We will work with you to customize the perfect sponsor opportunity to fit your specific goals and

brand-building ideas. Yes, we have standard sponsorship packages that work, but we can also offer any combination of speaking engagements, in-person events, virtual events, digital marketing services, our virtual event software platform, plus a wide variety of unique "experiences" that will build name recognition and engagement, and drive sales.

5

We consistently deliver the highest quality and quantity of attendees at our events, workshops, webinars and websites.

Our numbers always reflect a true and accurate representation of the audience we attract.

"Sponsoring TMT's Events Is An Opportunity To Get In Front Of The People Who Are Making Decisions"

"We've been sponsoring TMT's events since our inception in the channel and keep coming back because nearly every attendee is the decision maker. They're either the owner or they've got the capability of purchasing new products and really driving that for their organization. A lot of other shows will attract the techs, or the lower-level employees, so they have to bring everything back home to the owner or the president. At Robin's events, we always have meaningful conversations with quick ROI right there at the event."

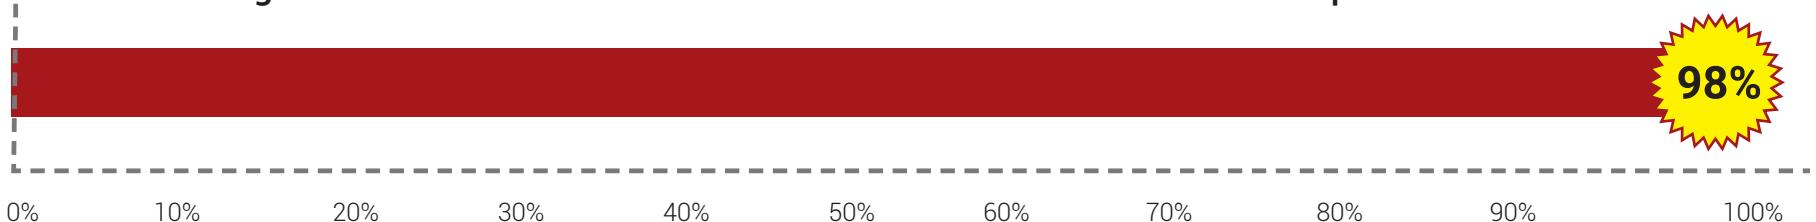

– Natasha Boyko, Nerdio
